It will be their aim to give a fair and unprejudiced reflex of society, socially, politically and religiously, and should it be found necessary to deal plainly with men, as social beings, the "SCORPION" will express the views of its conductors without regard to fear, favor or reward, as they intend to picture the follies, views and immoralities of the age, without respect to persons or their assumed characters. PROSPECTUS.

THE publication of this journal, from circum has been suspended for some months. Having recently received much encouragement from good and true men, it is proposed to receive its publication without delay — A LITISTARY AND PO-LITICALLICURNAL, and, we are encouraged to believe, on such basis as will proclude the probability of a failure.

As a Literary Journal it will be devoted to the development of Southern Talent. There is no paper in this Siste, and very few in the Southern

States, that make Literature a district and prominent feature. The aim of the conjuctor of THE EXAMINER will be to elevate it to a high standard in this department; which will be under the control of one of the ablest and most experienced editors in the State, JOHN G. BOWMAN, Esq., a writer well and favorably known throughout the South. As a Politica Journal it will at once take ground and abide by the old landmarks of THE CALHOUN STATE RIGHTS PARTY, owing no allegiance to any national party, nor seeking to advance its interests by subserviency to any local elique whatever. It will be entirely independent in its expression of opinion on public men and measures—in short, it is our desire to make it a faithful representative of the people and a fearless advocate of the interests of the State. The position of the South at this juncture, the apparent truckling of the apthe interests of the State. It is now too late to deploy the formation of sectional parties—the South. deplore the fernation of sectional parties—the South as a section, must fight her own battles, or be over-

whelmed,

We deem it due, to all who may be disposed to sustain it, to state in advance, that in politics THE EXAMINER will essentially be A STATE EXAMINER.

The paper will be conducted in the same handsome tiple and form as before—a large quarto, containing eight pages and forty columns of matter
